TRANSPORTATION METHOD: DRIVING

There are 13 parking spots on-site at the NETA location including one handicapped-accessible space. If the lot is full, there are a number of alternatives close by.

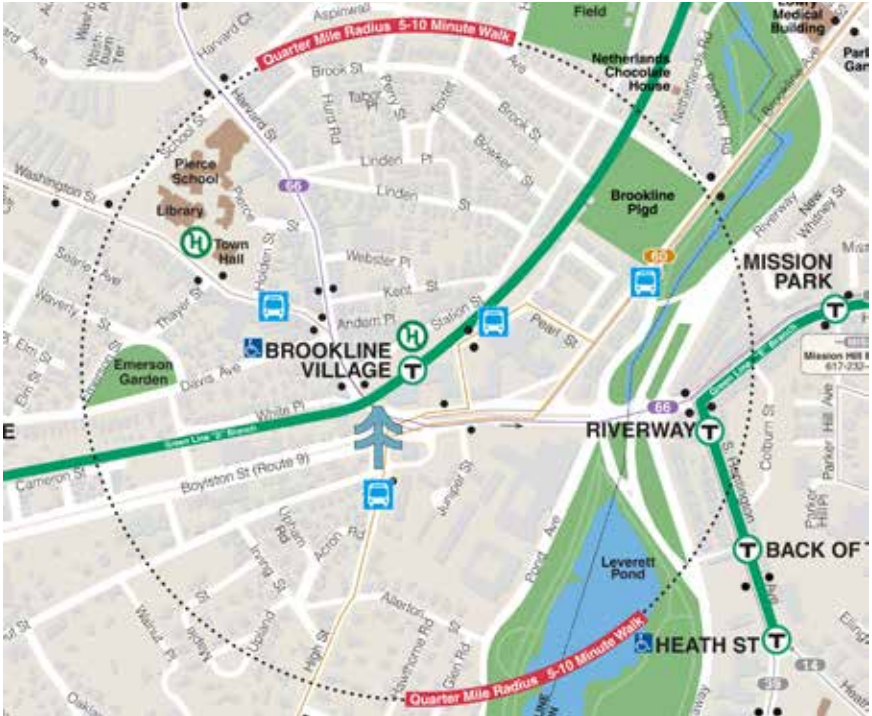

There are a few public parking garages just a few steps away. They offer ample parking and are quite affordable. The parking garages range in between \$3 and \$6 per hour. As always in the metro area, you are welcome to find metered space throughout the town.

TRANSPORTATION METHOD: PUBLIC TRANSPORTATION OR BICYCLE

TAKING THE 'T'

One of the main reasons we chose this location is because it is so close to the "T" -- The Brookline Village station (Green Line "D" Branch) is located just steps away. Riverway station (Green Line "E" Branch) is a short walk.

BUS ROUTES

There are several bus routes with stops at Brookline village: 39, 60, 65 and 66. Check the MBTA website for up-to-date route information.

BICYCLE

NETA is all about wellness. Why not take a ride on your next trip? We have a covered bike rack that allows for convenient bike parking rain or shine.

HUBWAY

Metro-Boston's bike sharing program has two stations close to NETA.

COMMON SENSE SO WE CAN KEEP GOING

- The Town of Brookline will be closely monitoring NETA's operations.
 - Their biggest concerns were traffic and parking. We can all play a part in alleviating these concerns.
 - We do offer limited parking on-site. But, we are very close to the Green Line T stop and encourage patients to utilize this service.
 - There are additional, very affordable, parking garages nearby.
 - We also offer covered bicycle parking. Consider taking a ride on over for your next trip.
